

Sunder 10<sup>th</sup> Feb. 1846

16

Dear Friend. We held a very good meeting here last night, crowded to overflowing, with a people whose influence cannot but be felt by the free Church. Our faithful dealing with this Church has at length had the effects to compelled them to a defence of their conduct. They have until a few days <sup>since</sup> affected to despise our efforts, deeming this the best mode of silencing and defeating our exposures. They now see we are not to be put down by such cunning. Their newspaper the The Sunder - "Warden" has attempted to ward off our blows - by attacking us personally, denouncing us, as strangers unknown - to respectable people in this country - but unfortunately for

purpose they say in the next place we  
are in the pay of the establishment  
sent for and hired by them. Thus  
they give us a good reputation by asso-  
ciating us with persons against whose  
moral characters, they dare not utter  
a single word. The agitation goes nobly  
on - all this region is in a ferment  
The very boys in the streets are singing  
out "Send back that money" I am  
informed this morning by the Dundee  
'Council' that the St. Peter's session have  
unanimously recommended the sending  
back the money. I meet many free  
church people, who are anxious to  
have the money sent back. I am  
certain that the people are right on  
this point. If the money is not sent  
back it will be the fault of their  
leaders. We shall continue with unabated  
zeal to sound the alarm - the people

shall be informed - James and myself leave here  
at one O'clock to day for Strouth  
where we hold a meeting this Evening  
There ~~too~~ the people are wide awake  
This battling is rather un favorable to  
the sale of my book - but the cause  
first every thing else afterwards.

My kind regards to Mrs W and all  
inquiring Friends, Yours truly  
Frederick  
Douglass

P.S. I have seen the new portrait. It has  
its faults - but I'll try no more - it  
must answer. You will probably  
get it as soon as you get this. You  
<sup>will</sup> confer a favor - by sending a copy  
of the book containing it - as soon as  
bound - to our Mutual Friends Misses  
Jennings - Cork.
